As you leave the ASAP Program please provide us your feedback regarding our program. Your feedback will allow us to maintain our effectiveness and improve where needed:

Client: This program is a good program for teens with a drug problem because there are kids the same or around the same age that have the same problems not only with drugs but at home. This program helped me with finding different ways to deal with ^{my} cravings.

Parent: I think the program is very helpful especially for parents to see that they are not alone in dealing with their son/daughters with a drug problem. I would highly recommend the program to others I think parents would benefit from
