

Feedback Form

As you leave the ASAP Program please provide us your feedback regarding our program. Your feedback will allow us to maintain our effectiveness and improve where needed:

Client: [redacted] did an extraordinary job!

They were ALWAYS respectful, kind, & empathetic, and I felt very comfortable with them during group. ASAP's program, along with those involved and the other clients, really helped me cope with my newfound sobriety, and my legal situation. [redacted] communication exercises really did (and continue to) help me express my emotions, thoughts, and feelings a lot better. Keep up the good work, and don't change a thing!!!

Parent: [redacted] benefitted substantially from the group format of the counseling.

Having others to share with and relate to has helped him cope with his drug problem. He felt comfortable sharing in groups the things he could not (or would not) share with us and we are grateful for that. It has helped him open up to us, and we have learned how to relate/respond in a positive manner toward him as well. Thanks for a terrific opportunity to help him, and our families.
