As you leave the ASAP Program please provide us your feedback regarding our program. Your feedback will allow us to maintain our effectiveness and improve where needed:

Client: I came in ASAP totally hating it, however, as time went by I grew as a person and met people that made a huge impact on me. The counselors are great and couldn't be a better support. I'm thankful to get this help I needed. I'm looking forward to be a guest speaker one day!

Parent: The program has helped us in many ways. Not only to understand the addiction process but how to recognize signs of continued use. The "behavior-contract" is one of the most useful tools in the program. It helped set limits + goals throughout the program. We even will use it after. "ASAP" counselors are very informative and helped guide us through the process. Our daughter has gained control of her life + this program was a huge part of it. Our experience in "group" was also most helpful - to see + listen to other families experiences + solutions.
