

Feedback Form

As you leave the ASAP Program please describe the quality of your experience at ASAP:

Client: _____

I believe the program was great
the 3 hours of group honestly went
by fast I enjoyed the family feel
of asap and that I could always get
stuff off my chest at the meetings

Parent: I am thankful for the ASAP program,
it has helped our son and our family
life so much. Our son liked all the
counselors and they all did a great job.
Family nights were really good with
helping solve our problems. The group
setting was awesome. It helped so
much to know we weren't alone in our
problem and to have others who
understood everything we were feeling.
