

## Feedback Form

As you leave the ASAP Program please provide us your feedback regarding our program. Your feedback will allow us to maintain our effectiveness and improve where needed:

Client: I would recommend ASAP to anyone. They are a great Program. It really starts showing you how life should be. ASAP really helped me with my family problems and my anger problems. They also taught me many coping skills.

Parent: I would recommend that there be a program like this for all teens and their families. I feel that it really brings all issues that the teens are dealing with today to the table and helps them and their families understand it better. It also teaches life skills that help in several different situations whether the teen is using or not.

Were able to find such  
a wonderful, beneficial
