Mark Rubin, MD 600 S. Dobson #E38 Chandler (480)471-8560

NOTE: Professionals change their practices frequently, so of course this list will not always be perfectly accurate. These are independent practitioners, not employees of ASAP, and ASAP is not responsible for them or for their work. In other words, this is simply a list, not a recommendation or a testimonial. ASAP simply lists the names of highly-regarded professionals for your assistance. If you do not find a suitable professional please contact your insurance company OR ask the professionals listed above to make a referral for you. It is a reasonable expectation that any professional or organization unable to help you can and should make a referral to someone that is available to help. Professionals should not worry if their name does not appear on this list—space is obviously limited, and many names are routinely cycled on and off the list from time to time as it is updated and changed, and in fact ASAP uses several different referral lists in addition to this one.

Parents and professionals contact ASAP at (602) 434-0249 for more information or to make a referral to the ASAP Program.
