As you leave the ASAP Program please provide us your feedback regarding our program. Your feedback will allow us to maintain our effectiveness and improve where needed:

Client: The ASAP program has helped me so much. I'm constantly learning coping skills and I wouldn't be this strong without that program. The staff is so understanding and helps you process the past and current problems so you can learn from them.

Parent: This is a great program. It has been the key in the recovery for [REDACTED]. The parent night was great help during processing. At the beginning for the 1st month it was a different dynamic than the last 2 months. Parents shared more, everyone was more relaxed. It was very difficult to have kids at the beginning who did not want to recovery, come clean. I think it delayed, hurt the progress - I would think that those kids who are not here to truly come clean - hurt more than help.
