

Feedback Form

As you leave the ASAP Program please provide us your feedback regarding our program. Your feedback will allow us to maintain our effectiveness and improve where needed:

Client: I think this program was alright. It helped me with most of my problems and made me realize I'm better cleaner. All my questions were answered and most of my bad problems and bad habits were fixed. I am thankful I got the help I needed to make my life cleaner and better.

Parent: This was a very nice program. Great feedback from most of the parents and the counselors were excellent. Liked the cognitive behavioral therapy approach and enjoyed seeing how it was effective in this particular setting. Would definitely recommend ASAP to other parents/teens who are struggling with similar issues before their child has to become an inhouse patient at one of the behavioral health facilities which I believe is damaging to the child. More funding needs to be provided for a separate facilities for adolescents dealing w/ substance abuse.
