As you leave the ASAP Program please provide us your feedback regarding our program. Your feedback will allow us to maintain our effectiveness and improve where needed:

Client: Asap is a pretty good program.
It is a mostly friendly environment
with a few exceptions. It really helped
me open up more but there are a
few things could be improved.
Counselors could be a little more
open minded especially since it is
a "drug" program. Overall the program
is good for stragutening up some issues

Parent: I was very pleased with the program.
It helped to open the lines of communication
between my son & myself. I believe it was
a very "eye-opening" experiance for him
from the standpoint of how other parents
reacted/viewed their siblings drug use - made him
realize I was not over-reacting. Very informative &
educational processed which helped to identify some
key issues in our family/home-life & my son's
social life.
