

Feedback Form

As you leave the ASAP Program please provide us your feedback regarding our program. Your feedback will allow us to maintain our effectiveness and improve where needed:

Client: I would say the most effective technique in group counseling would be in check in where you talk about your problems and what's going on in your life. And the coping skills that they teach us help a lot. I think maybe setting in smaller groups and trying to enforce the rules a little more.

Parent: We felt that the "check in" session was most effective. Feedback from the peer group seemed very well received. The counselors were very respected and liked by our teen. We appreciated the honest, forthright remarks by the therapists (to our son, as well as others.) Thank you for helping [REDACTED] "come back" to himself.
