

Feedback Form

As you leave the ASAP Program please provide us your feedback regarding our program. Your feedback will allow us to maintain our effectiveness and improve where needed:

Client: I honestly love the ASAP program, and I do not want to leave! I think you should not go as long between drug tests. Also, if someone isn't taking the program seriously, I think you should recommend a higher level of care sooner. Other than that I think the program is so great. ✓

Parent: One of the most positive things I experienced was realizing I was not alone in dealing with teen substance abuse. I think the weekly topics were very appropriate and I learned something every week. One thing that would be beneficial is handing out written material for families to take home so that the information is always obtainable and will stick.
