

Home Contract

- 1) No drugs, alcohol or nicotine products (including vape/juul devices)
- 2) No paraphernalia

Consequence: You will be taken to be tested on the spot (both blood and UA per Dr. [REDACTED] standing order) the items will be removed from the house and you will be enrolled in a long term inpatient treatment facility.

- 3) No addicts or active users around you or our home. If I suspect a friend is a user they will be asked to leave immediately. If a person DARES to bring drugs or paraphernalia around you, in my vehicle or my house I will call the police without warning and press charges.
- 4) Random drug tests will be performed at will at home. Blood and UA test will be performed upon suspension per your standing orders.

Room or on person searches will be performed. I agree to be respectful of your belongings and try to put items back as neatly as I have found them. (ie: I will not trash your room and leave it for you to clean up.)

- 5) Overnight guests must be non-users or in recovery a minimum of six months. I reserve the right to ask about current or past usage and Veto the stay if I suspect current usage.
- 6) [REDACTED] and the little park are off limits until you have had 8 clean tests or August. You must go with a clean family member or approved friend. You are not to be in the Parks by yourself for 1 year after your clean date. (Unless walking to or from school when your brother absolutely cannot be with you)

7) ABSOLUTELY NO USING FRIENDS OR FRIENDS OF FRIENDS

- 8) PHONES: having a cell phone is a privilege not a right. All passcodes to phones, social media accounts and games will be added to the passcode book and updated as needed. If you change your passcode without updating the book you will be cut off from your phone, social media and

gaming consoles for a week. Phones will be checked at random. Inappropriate contacts, conversations or pictures will be removed. If this becomes an ongoing issue it will result in loss of privileges.

9) VIDEO GAMES - Chores / Homework come first. IF you choose not to do these or lie about having them completed, you will lose playing console games for 3 days. DINNER comes first! You have 5 minutes to pause or turn off the game and come to the table. I cooked a meal for you respect me enough to come to the table and eat when called. If you do not come to the table you are off games for the night. IT'S A FREAKING GAME .. excessive cursing, throwing controllers or phones is just not acceptable if you cannot play a GAME without these behaviors you will be off for the rest of the day/ night.

10) CUSSING ... Excessive swearing will result in extra chores, loss of privileges or not being able to go out.

11) HANDS TO YOURSELF. We don't put our hands on you - you will not put your hands on anyone out of anger or frustration. You cannot put holes in doors or walls. Consequence will be grounded for a week and you will pay, out of your personal bank account, a licensed bonded contractor to make the appropriate repairs.
