As you leave the ASAP Program please provide us your feedback regarding our program. Your feedback will allow us to maintain our effectiveness and improve where needed:

Client: This program I felt was very relatable to most every teen that we seen come into it, the topics are real in the sense that every teen deals with them. I felt the counselors really listen and take what I say into account. Also the activities weren't difficult, but definitely got me to think to complete them which is a good thing.

Parent: Family night hits many important topics. The program really allowed/helped us to make positive changes in an family. I really liked when we "interviewed" other kids in the program- it united us as a group. It was nice to share info and grow with ~~at~~ others who have similar family situations.
