

Feedback Form

As you leave the ASAP Program please provide us your feedback regarding our program. Your feedback will allow us to maintain our effectiveness and improve where needed:

Client: I'm glad I had the opportunity it really sucked at first and also near the end because I got bored of it but there was definitely some quality information I picked up on in between. Program is only effective if you yourself want to quit and it took me a while to come to that point.

Parent: We as parents are very pleased with the ASAP Program + counselors. We have seen huge changes in our son's life and feel it taught him a lot and helped him come to these changes on his own. We are grateful for the goals they helped him set + reach and the way it made him look deeply at his life + his future and move past this phase permanently we will highly recommend this to any of our friends in need.
